

# TAMÁS KOÓS

## Senior Frontend Developer

### PROFESSIONAL EXPERIENCE

#### 2022 – Present: Senior Frontend Developer (Finshape)

I served as tech lead for a team of three front-end developers on a banking web application for an international financial sector client. We delivered a robust, user-focused interface while coordinating closely with cross-functional teams across time zones.

#### October 2021 – July 2022: Frontend Developer (EPAM Systems)

I worked with a major investment advisory firm on a retirement investment optimizer and a related component library, handling the full development workflow with a small team of three. We also supported ~50 international users, ensuring the library met broad team needs.

#### July 2018 - September 2021: Frontend/Android Developer (Applion Computer)

I contributed to a 12-person startup's FSM software, developing the Angular 10-based web admin interface (75%) and the Java-based Android client (20%), both independently and collaboratively. I also occasionally supported and implemented features on the Spring Boot backend (5%).

### HIGHER EDUCATION

#### 2016 – 2021: ELTE Faculty of Informatics

Computer Science Bsc (4)

### TECH STACK

#### Frontend:

- Angular 4+, TypeScript, JavaScript (ES6+)
- HTML5, CSS (SASS/SCSS), Bootstrap, Angular Material, Tailwind
- RxJS, NgRx, Storybook, Jest, Jasmine, npm, ESLint, Webpack
- REST API

#### Others:

- Android: Java, AndroidX, Jetpack, Firebase, Dagger, Stetho, Retrofit, OkHttp, Lombok, Glide, Picasso, ButterKnife, RxJava
- VCS: Git, BitBucket, GitHub
- Agilis methodology: Scrum, JIRA, Confluence
- IDEA, WebStorm, Android Studio, PostMan, Figma, Abstract, Zeplin
- Jenkins, Google Cloud, AWS
- PHP, Lumen, MySQL, PostgreSQL, Python, Spring Boot

### OTHER INFORMATION

- Computer science advanced final exam (5)
- English language (C1) ECL exam
- Personal finances tracking PWA: [Spending Tracker](#)
- My Android bus timetable app with ~15.000 downloads on Google Play: [Google Play](#)
- ECDL certificate
- "B" category licence

### SOFT SKILLS

- Strong oral and written communication skills
- Leadership and mentoring experience in technical teams
- Proactive decision-making and ownership mindset
- Analytical and systematic problem-solving approach
- Ability to balance independent work with collaborative teamwork
- Adaptability across time zones and remote environments
- Commitment to continuous learning and improvement
- Professionalism and respect for workplace culture and etiquette
